

**1** Filipino Sending Agency - Glenn (Filipino working in Cambodia) rejoiced to learn that all his family are alive after the super typhoon. He is praising God for financial assistance that came through World Team to help his parents rebuild their house. Pray for his parents as they share the Gospel with others who also suffered devastation.

**2** Filipino Sending Agency - Pray for the Filipino Sending Agency Board to make progress towards integration into the World Team Global Alliance. Ask God to raise up qualified new board members and a Sending Country Director for this new sending agency.

**3** Cuba - Ask the Lord to meet the urgent needs of church planters in remote areas of Cuba. Many have little financial support and few Christians nearby with whom to pray.

**4** Cuba - Pray that Cuban Christians would establish strong ties within their cities, serving people around them in a demonstration of God's love. Pray their faith in action draws many people to Christ.

**5** Pastoral Care - Pray for the formation of the Child Safety Team to spearhead efforts to raise awareness and offer training in child safety.

**6** Spain - Pray for Craig, Jorge, Paul and Marvin as they lead their teams in their respective cities. Ask God to give them vision for creating transformational communities in their teams and churches. Pray that they would be consistent in casting a vision for multiplication even though few people are coming to faith right now in Spain.

**7** Spain - Ask God to raise up more Spanish leaders like Juan and Miguel who will continue to become more integrated onto Spain Team/ ICE (Iniciativa Cristiana Evangélica). Pray that God would add new younger Spanish leaders to catch

*April  
2014*

the vision of disciple-making/church planting and to become involved within Spain Team/ICE.

**8** Dominican Republic - Pray for the young people who felt the call to foreign missions during the weekend missions conference held in January. The enemy would love to extinguish the flame that the Holy Spirit ignited.

**9** Dominican Republic - Pray for Carol as she leads the women in the church in Santiago to prepare a program of mentoring that follows Titus 2 - the older women teaching the younger.

**10** Cambodia - Please pray for the Mercy Medical Clinic as they seek more strategic partners (those who commit to 3-5 years towards the operating budget).

**11** Cambodia - Demonstrations, both against the existing government and concerning unfair wage practices, have been increasing in Phnom Penh. Some have turned violent. Please pray for peace.

**12** Moldova - Recently, 15 pastoral couples attended a marriage retreat. Please pray for these leadership families as they process, apply, and model principles for a healthier marriage. In Moldovan culture, Christians do not discuss marriage issues, instead they struggle in silence.

**13** Moldova - Pray for wisdom and discernment as our team prepares for a medical Outreach team. It is our goal to place outreach teams

in areas accessible to church planters for follow-up.

**14** Papua - Rev. Dorman, the new GIDI President, has asked that a spiritual retreat be held for the new GIDI leadership team. The teachings and discussions will flow out of Ephesians. Pray for sensitivity to the Spirit in every aspect of the retreat. We anticipate that Dave, Kevin and Allyson, John, Dave and Phyllis from WT will take part.

**15** Papua - Pray for fruitful disciple-making during 2014 for Kevin and Allyson among the Tokeni tribe, Ed and Valerie among the Diuwe people, and Andrew and Amberlynn as they hope to begin their work among the Komyandara people in Danokit.

**16** Philippines Field - The Field was delighted to host Mark from the US in February. Pray for a smooth transition setting up the RP accounting system to be able to communicate online with the US Sending Office. We hope this system will become a prototype for perhaps 6 fields with more complicated accounting challenges.

**17** Philippines - Pray for Edwin, Amy and Josiah as they adjust to a new baby in their home and prepare for Home Assignment departure in May. Pray for Bea, as she has got over a case of malaria and hopes to return to the RP soon.

**18** Global - Pray for the World Team Global Alliance as it considers new Sending Centre integration, justice/mercy ministry initiatives and global financing. Pray for wisdom in decisions.

*April 2014*

**19** Global - Three global emphases were selected for 2014. Pray as Detlef, Jay and Karry work with teams drafting plans to implement these priorities.

**20** Training Team - Ask God to stir us to continual growth – especially as we participate in and facilitate online modules.

**21** Singapore - Many opportunities exist for networking with numerous ministries. Henry and Janet need wisdom in choosing where they can be most effective.

**22** Singapore - Pray that Singapore churches would have wisdom in planning mission activities. Singapore is strategically located, and the churches have a zeal for missions, but much wisdom is needed for effective strategies.

**23** Kalimantan - In March, the PPIK denomination celebrated 60 years, but the church is struggling in a spiritual battle. Several men from the Central leadership team resigned early January. Pray for humility, repentance, a desire to follow God's leading on the part of all.

**24** Kalimantan - In a land full of unreached people groups, West Kalimantan is overcrowded with church denominations clamouring for easy to get members. Pray that church leaders would open their eyes to the ripe fields throughout Indonesia.

**25** Brazil - Pray for Tiago and the WT related church in downtown Caxias as they send him out to be a long term missionary to southern Thailand. Praise God that the Brazilian church is stepping up to the challenge of the Great Task of Matthew 28!

**26** Brazil - Project Timothy, an intensive one-year training program for mainly college-

age youth, is changing its leadership this year. Pray for the new leaders and the young people who will be starting the program in February.

**27** Eastern Europe - Pray for the work of evangelism in a northern city, that our nationals will persevere in sharing the gospel and will see fruit of more people trusting in Christ.

**28** Eastern Europe - Pray for the work of training national leaders in a northern city also, that we can effectively disciple them and help them to disciple others.

**29** Global - World Team Global desires to mobilize more workers from our existing Sending Centres and partnering agencies. We also desire to mobilize workers from other parts of the world who have a heart for church planting. Pray for wisdom to find those workers and discover the best avenues to mobilize to our teams around the world.

**30** Moldova - Pray for open doors and for men and women of peace, who would host Bible group meetings to become communities of believers.

---

*And he said to her, "Your sins are forgiven."*

*And those who sat at the table with him began to say to themselves, "Who is this who even forgives sins?"*

*The he said to the woman, "Your faith has saved you. Go in peace."*

Luke 7:48-50
