

You Can PRAY

- Praise - one couple has applied for mid-term service in Lima!
- Praise - WTC Mobilization Team is growing!
- Pray for Heidi Goud's new Mobilization ministry at WTC
- Pray for workers to be raised up for Muslim focus ministries
- Pray for World Team workers sharing Christ at Christmas

You Can GIVE

Mobilization efforts DO bear fruit in getting Canadians to where they are needed in order to establish new churches where few or none exist! For this reason, we continue to mobilize!

In this season of giving, please consider giving to assist us in our mobilization efforts. Our mobilizers use these funds for travel, materials.

Please [CLICK HERE](#) for a form to direct your giving as you feel most led.

Mobilization Efforts

Our small Mobilization Team grew this year! We are so excited about the addition of Heidi Goud to our team! And, God willing, we hope to add a summer intern in 2017! Our connections, especially in the GTA, continue to grow. Activities on several University and Bible College campuses, along with participation in Mission's Events serve to extend our network of relationships - with a view to MOBILIZING more Canadians into cross-cultural missions. Please pray with us as we connect with people, prepare materials, and serve in ways that would see God's Kingdom extend into some of the most unreached groups of the world with the Gospel of Jesus Christ!

Reaching the Unreached

World Team efforts in various parts of the world seek to target the followers of Mohammed. In Europe we are seeking to build teams with this focus around existing structures already in place to serve the national population. In Asia, we work in areas of significant trans-migration - assisting local believers in reaching their new neighbours, and also serve in areas with long-established Muslim roots. In Africa our teams work in a variety of contexts with the same goals in mind.

In each of these areas, additional team-mates are needed. Multi-ethnic and multi-agency teams are formed to move the work forward. Yet, in each instance, there's a cry for more workers, more efforts, and more prayer.

PRAY FOR OUR MOBILIZATION TEAMS IN AUSTRALIA, CANADA, AND THE USA, AS WE WORK TO RAISE UP MORE WORKERS FOR THE FIELDS OF HARVEST

You Can GO

The Uyghur People of China are in great need of the Gospel. A distinct ethnic group in China's mainland, they struggle with their sense of identity. At times racial tensions in their region lead to confrontations with the local government.

Numbering approximately 10 million, we believe that less than 5000 have confessed Jesus Christ as their Lord and Saviour. Efforts to reach these amazing people are not in vain, but the fruit is slow in coming.
