New WT Appointees

People go through several stages when joining World Team. First, they come as friends/acquaintances, then, as they enter the application and assessment process, they become CANDIDATES. After the assessment process, we call them APPOINTEES, and then when they get to the field, we have MEMBERS.

I am excited to have Dorothy Liang (going to France) and Tony & Fiona (going to Lima) as NEW APPOINTEES following the July Assessment Centre!

Please pray for them as they work through the steps to get to their respective fields!

Megan is HEADED TO SPAIN!!!!

Our team in Western Spain has an English Academy as part of the ministry. Megan has been hired to teach English to Spanish children, youth and adults. She's taking a special course for this in the coming week, and plans to leave for Spain September 25!

Carly has her last day at McDonalds on Saturday, August 19. She and a friend plan to live in Toronto, in order for her to pursue more arts related opportunities!

Can you say **"EMPTY NESTERS?"** Yikes!
