

THE MUSTARD SEED

Lord of the harvest, send forth laborers!

MARCH 2019

Praise n' Prayer

- **Praise - I see the fruit of my rest in many relationships**
- **Praise - All four of us enjoy meaningful employment**
- **Praise - World Team has a new exec. Director**
- **Praise - New Chinese background workers at WTC! More news next month**
- **Pray that we would be a blessing to our friends in Spain - both believers and not-yet-believers**

WTC Office Update

God has provided a new Executive Director for the World Team office here in Canada! Keith Wiederwax served in the World Team context as my counterpart in the USA. Keith and his wife Christina anticipate moving to SW Ontario in the near future. Right now Keith is working on-site and from his home in Chicago alternately.

Please be in prayer for Keith and Christina as they prepare their home for sale, seek out housing in Canada, and take on the mantle of leadership here at WTC!

FOCUS on Cameroon

World Team values PRAYER.

In light of this value, WT Global has started initiatives in prayer, providing fantastic info and updates regarding the various fields of ministry in a context that invites prayer, fellowship and celebration.

In March, I experienced my first FOCUS prayer time - "FOCUS on Cameroon." We were introduced to the field members, heard about recent developments, praised God for progress and prayed for ministry needs and challenges faced by our workers.

I was particularly interested to hear that we have amazing opportunities for people to serve in a teaching or hostel parenting role at the Rain Forest International School. There are also opportunities to serve in providing literacy training to people who are getting their VERY FIRST written alphabet and subsequently - the Word of God!

To see the Cameroon FOCUS PowerPoint click [HERE](#) - please pray through the points!

Do YOU know anyone I should be talking to in this regard? I'd love to see Canadian believers released to serve believers and not-yet-believers in Cameroon!!!!

Family Update

Karen continues serving as a private support worker for a friend. The hours are quite workable for her, in spite of her ongoing battle with fibromyalgia. God is good!

Megan has decided to return to teaching ESL in Spain for a third year this fall. We look forward to having her back for the summer months! She's applied for a few jobs - now we wait and see!

Carly continues in her management role at EB Games - and is really enjoying it! She's feeling "all grown up" now :)

April 2 sees us on the way to Spain! God is good!
